stateboards.ie operates under the auspices of the Public Appointments Service and is committed to a policy of equal opportunity.

The Public Appointments Service (PAS), established under statute in 2004, provides an independent shared service in recruitment, assessment and selection to organisations across the Civil and Public Services. On 30 September 2014, the Government decided that the PAS should also be given responsibility for putting in place an open, accessible, rigorous and transparent system to support Ministers in making appointments to State Boards. Our dedicated website, www.stateboards.ie, is the channel through which the PAS advertises vacancies on State Boards. It is also the means through which accomplished, experienced and qualified people, including people who might not previously have been identified as available for appointment, can then apply to be considered for particular vacancies.

Membership of State Boards

High standards of corporate governance in all State Agencies, whether in the commercial or non-commercial sphere, are critical to ensuring a positive contribution to the State's overall social and economic development.

Members of State Boards are appointed to act on behalf of the citizen to oversee the running of the affairs of state bodies. State bodies must serve the interests of the taxpayer, pursue value for money in their endeavours (including managing risk appropriately), and act transparently as public entities. Members of State Boards, and the relevant management team, are accountable for the proper management of the organisation.

Board members should act on a fully informed basis, in good faith, with due diligence and care, and in the best interest of the State body, subject to the objectives set by Government. In that regard and in accordance with 13.2 of the Guidelines on Appointments to State Boards, "it is advisable that no member of a State Board should serve more than two full terms of appointment or should hold appointments to more than two State Boards."

The [Code of Practice for the Governance of State Bodies 2016](#) (the Code) provides a framework for the application of best practice in corporate governance by both commercial and non-commercial State bodies.

In order to be an effective contributor on a State Board it is recommended that members should:

- bring independent and objective scrutiny to the oversight of the organisation;
- be prepared to be challenging when necessary while being supportive to the delivery of organisational strategy and objectives;
- be equipped to offer considered advice on the basis of sound judgement and experience;
- be prepared to make a time commitment to their work commensurate with their role.

1. Background

The Public Appointments Service (“PAS”) in conjunction with NewERA (a business unit of the National Treasury Management Agency (“NTMA”)¹), wishes to identify suitable candidates to be presented to the Minister for the Environment, Climate and Communications, for consideration by Government for appointment to the Board of ESB.

Expressions of interest are now sought from suitably qualified candidates for consideration as part of this process.

A commercial state company, ESB was established in 1927 as a statutory body under the Electricity (Supply) Act 1927. With a holding of 95.7%, ESB is majority owned by the Irish Government. The remaining 4.3% is held by the trustees of an Employee Share Ownership Plan. As a strong, diversified, vertically integrated utility, ESB operates across the electricity market, from generation through transmission and distribution, to supply of customers, with an expanding presence in Great Britain’s generation and supply markets. In addition, further value is extracted along this chain by supplying gas and using our electricity networks to carry fibre for telecommunications. ESB International, the Groups engineering consultancy business, provides consultancy services to clients across the world. The Group has a strong commercial mandate and investments are funded from a combination of own resources and debt.

ESB is a leading Irish utility with assets of in excess of €12.0 billion, a 30% share of generation in the all-island market and a significant supply business supplying electricity and

¹ The role of NewERA is to provide independent commercial and financial advice to the relevant Ministers in relation to the exercise of specific functions, including, pursuant to Section 19 of the NTMA (Amendment) Act “the appointment of the chairperson, members, directors or chief executive of the designated body”, with ESB being one of the designated bodies. Further detail on NewERA’s activities is set out in Part 3 of the NTMA (Amendment) Act 2014 and in the annual reports of the NTMA (www.ntma.ie).

gas to over 1.5 million customers throughout the island of Ireland and Great Britain. EBITDA and Operating profit for 2019 were €1,372m and €682m respectively.

ESB's purpose is to create a brighter future for the customers and communities we serve, by leading the transition to reliable, affordable, low-carbon energy. The company continues to grow the scale of its generation, trading and supply businesses in the all-islands competitive environment and deliver on ambitious climate change targets. ESB is focused on providing excellent customer service and maintaining its financial strength. As at 31 December 2020, ESB Group employed over 7,900 people.

Further information about the ESB including its Annual Reports can be found on the company website www.esb.ie.

2. Functions of the Board

The Board's role is to provide effective leadership and direction for the company. All Board members have fiduciary responsibilities to the Company. In fulfilling its role, the Board has regard to the Shareholder's Expectations and Objectives and government's policy objectives as set out in the Climate Action Plan.

Members of the Board are appointed by the Minister for the Environment, Climate and Communications with the consent of the Minister for Public Expenditure and Reform. There are currently twelve Board members, including the Chairman, six other non-executive directors, the Chief Executive and four elected Worker Board members who are appointed following a staff election process as provided for under the Worker Participation (State Enterprises) Acts, 1977 to 2001.

All Board members are afforded the opportunity to fully contribute to Board deliberations, and to provide constructive challenge. From time to time, the Board may establish committees to assist it in the performance of its duties. The Board is currently assisted by: -

- Audit and Risk;
- Safety, Environment and Culture;
- Finance & Investment;

Further information on the ESB Board can be found [here](#). Committee Terms of Reference are available on ESB's website [here](#).

ESB's Brighter Futures Strategy to 2030 (Strategy 2030) is anchored in ESB's ambition to create a brighter future by leading the transition to reliable, affordable, low-carbon energy, and grounded in our enduring purpose to create a brighter future for the customers and communities we serve. It sets out a path to achieve this ambition by decarbonising electricity, connecting the renewable generation needed, making our networks smarter to enable the electrification of heat and transport and providing the solutions to support our customers in making their own transition. The Strategy is very much aligned with the objectives and targets set out in the National Climate Action Plan.

ESB's values to be courageous, caring, trusted and driven are deeply rooted in the organisation and encapsulate the integrity and ambition that ESB stands for. They are integral to the development and delivery of the Strategy 2030 – they inform decisions and they underpin ESB's commitment to earning the trust that customers and communities place in ESB.

The outbreak of Covid-19 has provided unique challenges and opportunities for ESB and has accelerated the pace of change faced by the Company.
