stateboards.ie operates under the auspices of the Public Appointments Service and is committed to a policy of equal opportunity.

The Public Appointments Service (PAS), established under statute in 2004, provides an independent shared service in recruitment, assessment and selection to organisations across the Civil and Public Services. On 30 September 2014, the Government decided that the PAS should also be given responsibility for putting in place an open, accessible, rigorous and transparent system to support Ministers in making appointments to State Boards. Our dedicated website, www.stateboards.ie, is the channel through which the PAS advertises vacancies on State Boards. It is also the means through which accomplished, experienced and qualified people, including people who might not previously have been identified as available for appointment, can then apply to be considered for particular vacancies.

Membership of State Boards

High standards of corporate governance in all State Agencies, whether in the commercial or non-commercial sphere, are critical to ensuring a positive contribution to the State's overall social and economic development.

Members of State Boards are appointed to act on behalf of the citizen to oversee the running of the affairs of state bodies. State bodies must serve the interests of the taxpayer, pursue value for money in their endeavours (including managing risk appropriately), and act transparently as public entities. Members of State Boards, and the relevant management team, are accountable for the proper management of the organisation.

Board members should act on a fully informed basis, in good faith, with due diligence and care, and in the best interest of the State body, subject to the objectives set by Government. In that regard and in accordance with 13.2 of the Guidelines on Appointments to State Boards, "it is advisable that no member of a State Board should serve more than two full terms of appointment or should hold appointments to more than two State Boards."

The [Code of Practice for the Governance of State Bodies 2016](#) (the Code) provides a framework for the application of best practice incorporate governance by both commercial and non-commercial State bodies.

In order to be an effective contributor on a State Board it is recommended that members should:

- bring independent and objective scrutiny to the oversight of the organisation;
- be prepared to be challenging when necessary while being supportive to the delivery of organisational strategy and objectives;
- be equipped to offer considered advice on the basis of sound judgement and experience;
- be prepared to make a time commitment to their work commensurate with their role.

1. Background

The Personal Injuries Assessment Board (PIAB) is an independent statutory agency that comes under the remit of the Minister for Business, Enterprise and Innovation. PIAB was established in April 2004 in order to "fairly, promptly and transparently compensate the victims of accidents involving personal injuries in a cost effective manner". PIAB is a self-funding agency and its income is derived from the fees it charges, primarily to respondents (or their insurers) of €600 with a smaller application fee levied on claimants of €45.

PIAB Strategic Objectives:

- To assess fairly and accurately the amount of compensation entitlement in personal injury claims within the remit of the Personal Injuries Assessment Board in a timely manner.
- To promote the lowest possible administration costs associated with the resolution of personal injury claims.
- To promote a culture of innovation and excellence, fostering an efficient, flexible organisation with motivated and skilled staff and maximising the positive impact of technology.
- To promote and advance a superior customer service, focussed on making information about our service accessible to all, supported by a transparent and accessible claims assessment process and a cost effective organisation.
- To continue to contribute positively to the changing personal injury claims resolution environment in Ireland through greater use of the Board's non-adversarial model.

Background information in relation to the Personal Injuries Assessment Board including information about it's operations can be accessed on the PIAB's website www.piab.ie

Click [here](#) to see PIAB's latest Annual Report 2016.

Role of PIAB

PIAB independently assesses claims for compensation arising from personal injuries sustained as a result of a motor, workplace or public liability accident and where both parties, claimant and respondent, consent to an assessment. It is a matter for the parties concerned whether or not they wish to accept the assessment. PIAB does not address the issue of liability.

In accordance with the [Personal Injuries Assessment Board Act 2003](#), all personal injury claims (with exceptions as per the Act of medical negligence) must be submitted to the Personal Injuries Assessment Board (PIAB).

PIAB makes awards in about approximately 12,000 cases annually with around 60%, (approximately 7,000) of claimants accepting them. The acceptance rate has remained broadly consistent in recent years. These cases are dealt with speedily and at low cost – current delivery cost is approximately 6.5% of the value of the compensation and this is mainly comprised of the fees paid by the claimant and respondent and the costs of the medical reports required to assess the case. In making its awards, PIAB uses the Book of Quantum so that awards reflect what is likely to be achieved through litigation but at a much lower cost of delivery.

2. Functions of the Board

The Board is appointed by the Minister for Business, Enterprise and Innovation in accordance with the provisions of the Personal Injuries Assessment Board Act 2003 and consists of a Chairperson, the Chief Executive and nine ordinary members of which six are nominated by external bodies designated under legislation. The Board is responsible for formulating the Personal Injuries Assessment Board policies and the execution of other fiduciary duties.

The Board has a formal Schedule of matters reserved to it for decision which cover key areas of policy and statutory functions of PIAB. Certain matters are delegated to Board Committees.

It is essential that the candidate is able to work effectively with other board members as well as with the Executive of PIAB. The candidate must also be committed to the highest standards of integrity and governance in order to contribute to the maintenance of PIAB's extremely high standards in this regard.
